

Annual PCP Training Policy

Date of Origin: 10/13/2020

Modification Date(s):

Date of Last Review: 10/13/2020

I. Purpose

To define PCP training requirements for DSP staff.

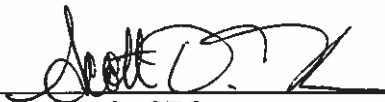

II. Policy/Procedure

UCP of Maine will provide annual training on Person Centered Planning to each DSP working in the waiver homes.

The training will consist of the following:

- Approaches/strategies that are consistent with a person-centered approach to planning as opposed to an approach that would not be considered person centered.
- How to apply person-centered planning approaches/strategies to the development and ongoing updating to the service implementation plan.

Documentation showing proof of training will be maintained in the HR personnel file for each employee.
