I. Purpose

To ensure resident inclusion in the PCP Planning process.

II. Policy/Procedure

UCP of Maine will meet with each waiver home resident on an annual basis to complete a PCP Planning Survey that will address information to be put into their PCP for the upcoming year. Each resident will meet with the Residential Program Manager to discuss the following:

- Annual Goals
- Choice of staff supports/home supports
- Portions of services received that can be provided outside the residential setting in the broader community
- Employment/Volunteer opportunities
- Community involvement
- Most recent appointments

These topics may also be discussed at any time during the year with the resident at their request and may be introduced at any time of the year and not just at PCP time.
